

*Our mission is to raise awareness and funding for research to find a treatment and cure for blindness, primarily focusing on Leber's Congenital Amaurosis (LCA)*

All Children....Should be able to see a sunset

Gavin, 21 months old, was born with a very rare retinal disease, called Leber's Congenital Amaurosis (LCA). There are approximately 3,000 people in the country who have this disease. LCA causes blindness at birth, and currently there is no cure.

All proceeds from golf tournament will go towards the Gavin R Stevens Foundation (GRSF). GRSF is raising money for research and to help fund clinical trials and gene therapy to find a cure for blindness.

Currently over 20 people worldwide have received treatment, and have had some sight restored in a clinical setting. We hope to bring more funding to these clinical trials and gene therapy.

We thank you for helping us with this cause. We are passionate about finding a cure to end blindness, and with your help, we are one step closer to having that be a reality.

**El Prado Golf Course  
Sept. 10, 2010**

6555 Pine Ave. Chino  
12:30pm shotgun start  
11am Registration opens
